Preface

The Tenth West Coast Conference on Formal Linguistics (WCCFL 10) was hosted by the Department of English at Arizona State University, Tempe, Arizona from March 1 to March 3, 1991. Forty-three papers were presented at the conference on topics in formal syntax, phonology and semantics; an additional three papers were set aside as alternates. Forty-two of these papers are printed in this volume. Papers not included are those by Ellen Barton, Manfred Krifka and Long Peng. Also not included are invited papers by Jane Grimshaw, Lisa Selkirk and Peter Sells. Many thanks to CSLI, especially Dikran Karagueuzian and Kaija Lewis, for their support in publishing this series.

I would like to thank Wendy Wilkins, Susan Braidi and Marianne Adams for helping me organize WCCFL 10. Special thanks go to Wilkins, who secured funding, to graduate students William King and Jennie Dumford, who provided much assistance, and to Barb Jones for help in all aspects of conference planning.

WCCFL 10 enjoyed the generous support of the ASU College of Liberal Arts and Sciences, the Graduate College and the Department of English.
